| Laker | Sea Mate | Ted Foti | 16.0 |
| Rainbow | Sea Mate | Ted Foti | 9.2 |
| Brown | Carp Killer | Mike Troppmann | 23.0 |

I would like to thank everyone for making the 2010 Fish-Ins a great success. This was the highest attendance for these contests since I have been running them or fishing them over the last 5 years. The guys who put in their time and fish these contests do well in the big contest's like Brew City. Fishing these will make you a better fisherman whether for fun or competition and I don't know anyone who doesn't like catching more fish. I hope to see more boats next year. The fishing was very tough this Sunday and the best action was found in the North Gap early on in 300 plus feet where there was an abundance of Rainbow's and Coho's. Otherwise it was tough in the 50 to 100 foot range. I fished in 100 feet and only had 6 fish by 9:00AM. We ran out to 240 feet to catch Rainbow's but it was not deep enough and we did not have another bite. I would like to thank Ken and Dawn for all their help cooking food this year, Mike and Daniel for helping out weighing in fish and Karl's for the excellent food. I would also like to thank Roger Stack from the Fish'N Hole for helping to sponsor the gift certificates. There will be certificates for the top ten boats and biggest fish for all five species. Four of the five big species will receive \$25 certificates and the biggest overall fish will receive a \$50 certificate. Each Fish-In will also award trophies for the top three boats, big adult fish and big junior fish.

Boats:

1st: \$150
 2nd \$100
 3rd \$75
 4th-5th \$50
 6th-10th \$25

What is a Fish-In? It is a fishing contest the GLSF Club holds 4 times a season. The dates are 5/30/10, 6/27/10, 8/1/10 & 8/29/10. The rules for the contest are posted at our club web site GLSFCLUB.COM. The weigh-in and picnic that follows is held at the Milwaukee Community Sailing Center. The cost for each contest is \$5 for lunch and you get burgers, brats, side's deserts and beverages. Believe me this is a great value. There is room to park your trailer or if you slip your boat drive your cooler over. The captain does need to be a member of the club but you can join at the weigh-in. If you fish Lake Michigan you really need to join your ports local salmon club because we are doing all the work to keep this fishery outstanding and we need you as members to at least show your support for the fishery.

Fishing in this contest will make you a better fisherman and lead to your catch rate increasing. There is not a single boat that has fished in these who would not agree to this statement. The last Fish-In will be a great time and if you have not attended one it will get you ready for fishing them next season by fishing in the last one this year. Please call me at 414-460-1467 with questions and to register for a Fish-In call before Friday of the week of a Fish-In, so I know how much food to order.

Thanks, Kurt Pokrandt
 Great Lakes Sport Fisherman's Club-Milwaukee Chapter

If this looks like fun, it is! Please plan on joining us next year when we do it all again!
