

2007 21' High Performance Center Console Storm Hawk Custom. Firm: \$28,500 (\$92,400 new)

or \$31,200 with all Salmon / Trout fishing tackle, rods, reels, depth raider, salt water down riggers, accessories, great sit up triple tube (new \$450), ski's, life vests, coolers. **Rigged out ready to fish!** (no I will not throw it in for free, please don't ask).

High Quality, light weight, high strength hull. Storm Hawk manufactured this modern hand laid vacuum bagged construction hull with the same technology high performance racing boats use for an extra strong ultra light weight hull. This design allows the fully rigged hull to float in less than 12" of "skinny" water. The Carolina flared hull throws big water like a Tiara. The sharp keel chin bow splits waves like a hot knife through butter. Stainless hardware high end recessed cleats. Nice boat.

Convertible Design: Quick Removable Gimbal Mount Sport Fishing design, Tubing, Skiing, Cruising, Camping, Sailboat racing tender, Fun Family boat or a sunset cruise with friends.

Exceptional power to weight ratio for great days on the lake. The engine trolls down to nearly silent. Can be rigged for trolling. This rig brought in the 2011 GLSF junior steelhead big fish.

Solid 250hp EFI Four stroke Suzuki Engine 400+ hours (rated to 10,000 hrs) This engine has triple pick up water cooled, oil, electronics, air intake manifold, even a fuel chiller. Amazing solid engine, very quiet. Starts every time, like a car and runs like a sewing machine.

Onboard engine performance digital diagnostics, gph, etc. This engine has **always been run on 100% 93 Octane zero ethanol fuel.** Dealership maintained to factory specifications. 100% OEM.

- ◆ OEM four blade stainless props designed by Suzuki for this engine.
- ◆ New Twin 47 series gel batteries (Optima LKQ).
- ◆ Twin Transom mounted trolling motors, wireless key fob or foot peddle operation.
